Robbi Bell is a self confessed “Scrapaholic” with an ever changing style
Although usually falls back to the shabby chic/vintage style.

Robbi has been scrapbooking for well over 10 years now and everyday will be playing
with either paper and glue or mixed media products to create fun and exciting projects
for all her classes.

In Robbi’s classes you will find it a stress free environment and while hopefully learning
a new trick or 2 You will have fun creating your piece of artwork...whether it be a layout, cards, or a mixed media project.
All Robbi’s classes / kits come with full colour instructions which are easy to read and understand so if you don’t quite get
finished you can follow the last few steps at home.

Robbi, Trevor and Keri will be working in the classrooms again this year, while Sharon and Emma look forward to meeting
you on the stall which will showcase some limited edition kits and projects.
