All about Tracey

It is with great excitement and a little nervousness that I will be teaching here at SENZ 2017. I feel very humbled to be on the list with so many fabulous tutors.

I am a passionate crafter who has been creating since 2003 and teaching in various locations since 2004. The past eight years have seen me teaching an array of different weekly classes at Paperzone in Hamilton. This is where my decision was made to "give SENZ a go". I have had so much wonderful encouragement over the years from everyone in my classes and at Paperzone and beyond, I thought...why not! Yay...

Since 2014 I have been lucky enough to work and design with the fabulous Paper-Arts papers that are all designed and printed in Hamilton. With so many gorgeous colours and designs to work with it really has made creating easy. (well most of the time!) With a husband, six kids, two grandchildren, a dog and two cats I'm never really without something to inspire me! Lol.

I use many styles in my scrapbooking from 'clean and simple' to 'full-on' mess and mixed media, depending on how the mood takes me.

I love layering, texture and colour but most of all I love to 'see' my photos, as after all, isn't that why we scrapbook? To create everlasting memories for those we love.

I look forward to meeting you at SENZ
